

FAIRMONT EMPRESS PRESENTS ARTIST IN RESIDENCE PROGRAM

Fairmont Empress has launched an Artist in Residence program, captivating guests with live art performances and showcasing the extraordinary talents of local artists in Greater Victoria. Artists using different mediums are set to display their work in the hotel's mezzanine through the fall and into spring to provide a culturally enriching experience for all hotel visitors.

Each month, a distinguished local artist will demonstrate their artistic prowess on canvas through live painting sessions. Guests and the community will have the unique chance to witness the birth of a masterpiece as the artists create stunning works of art right before their eyes. The artists will share their creative process and inspirations, providing an intimate glimpse into the world of artistry.

Artists will be on-site three times a week during their monthly residency. Their schedules will be posted online at the beginning of each month.
